

Terms of Use: Natural Resource Governance Institute National Oil Company Database

Data presented on the website www.NationalOilCompanyData.org have been assembled by the Natural Resource Governance Institute (NRGI) using consistent methodologies to gather company data, which sometimes requires aggregating or disaggregating data from company or government reporting. No warranty of the accuracy or completeness of data is provided, and we encourage users to check against original sources when using this data. The data presented on this website is not intended for use in investment decisions.

For a complete description of the methodology used to generate the data for this website, please see *National Oil Company Database: Methodology Guide*, on the website's *Publications* page: <https://www.nationaloilcompanydata.org/publications>.

For a description of the privacy policy that applies to this website, please see NRGI's Privacy Policy: <https://resourcegovernance.org/privacy-policy>.
